

Montgomery Botanical Center

Advancing research, conservation, and education through scientific plant collections

POSITION ANNOUNCEMENT

Assistant Curator

Montgomery Botanical Center, a 120-acre botanical research institution with extensive collections of cycads and palms in Coral Gables, Florida, is seeking a full-time Assistant Curator in the Facilities and Horticulture Department.

This hands-on position is to support and maintain exceptional live plant collections in the Nursery and on the Grounds. Experience in horticulture, nursery techniques, arborist work, or a related field is required. Must be able to work outdoors with tools and equipment throughout the year. Verbal and written skills are a necessity; computer abilities are a plus. MBC offers a comprehensive benefits package which begins after successfully completing a 90-day introductory period.

To apply, email a cover letter and resume to Lee Anderson, Superintendent (land@montgomerybotanical.org), or call 305-667-3800 ext. 126.

For additional information about Montgomery Botanical Center, please visit our website at www.montgomerybotanical.org

MBC is an equal opportunity employer and a drug-free workplace.
